New!

## Simplest upgrade to brilliant LED lighting

### Philips Ultinon Essential Next Gen II LEDs

Upgrading to LEDs has never been easier or brighter. New Ultinon Essential Next Gen II LED headlights and fog lights feature an ultra-compact design that installs and fits exactly like the halogen bulb it replaces. Drivers get greater vision for enhanced safety, brilliant cool white style, and a longer service lifetime.

## Philips Ultinon Essential Next Gen II LEDs

While their form factor matches that of halogen bulbs, these powerful LEDs incorporate Philips AirCool technology. A built-in cooling fan provides leading-edge heat management to help ensure up to 1,500 hours of service life and rock-solid reliability.

- Direct fit design, for quick and easy installation.
- Integrated driver electronics in the body.
- Up to 6000 K color temperature.
- Direct replacement for 880, 881, 9004, 9005/9006, 9007, 9008, 9012, H1, H3, H4/H19, H7/H18, H11/H9, H15, H8/9145/H16, and PS24W/PSX24W.
- Polyvalent or flexible center rings eliminate need for adapters.
